CITY TOUR SUCRE HALF DAY

Shared Tour

ITINERARY

You will get picked up at 8.30 from your central accommodation. The highlights of this walking tour are:

Plaza 25 de Mayo: here you will see the main buildings around this and our guide will explain you the importance of this place in the history of Bolivia, The local market: try the delicious “tojori” breakfast (a very traditional drink made out of corn - hot and filling), Obelisk and Bolivar park: this used to be a private garden of the richest man in Sucre and was afterwards given to Sucre’s citizens, Kinder Park: Sucre is known for having dinosaur tracks all over the place and this is a theme park all about dinos (please note this is not the Parque Cretacico where the footprints are but just a theme park), La Recoleta: here is where the city was founded, and also the best viewpoint over the city, Try the typical drink called “chicha” (alcoholic drink based on the fermentation of corn), The cemetery: “today us, tomorrow you” reads the inscription at the entrance gate - this is possibly the most beautiful place of all Sucre, and you will get to see how rich people were back in the 1800’s in South America. The tour lasts for about 4 hours and you will get dropped off in the main square at around 12.30.
