VALLE DE LAS ANIMAS & CAÑON DE PALCA

Private Tour

ITINERARY

Pick up from your hostel / hotel is from 8.00 - 8.30 a.m. to address private transport. As you move towards the southern area of La Paz, the guide will briefly summarize the day's program. You will leave the city behind and reach the Valley of Souls. This area is characterized by its curious rock formations and its importance in the mystical Andean traditions that make it the seat of a series of rituals during the crucial moments of the year. Back in the transport, we will go through agricultural towns until we reach the Palca Canyon, a true natural beauty. This canyon is the result of thousands of years of water erosion that shaped the landscape in a unique way. Its landscapes lost in time, together with numerous small canyons that make their way to the sides, and a clear view of the impressive Illimani, make the Palca Canyon the ideal place for a relaxing walk and incredible photographs. As the afternoon progresses, we will return to the center of La Paz, arriving at around 4:00 p.m.
